英語で授業ーポーランド科学者の日本での経験

Contents and Message from the Speaker

In this session Edyta Sensei will talk about her experiences as a young Polish scientist teaching in English in Japan and the issues she has faced. Edyta Sensei also has recent experience of being taught in English as a student at a special programme at Warsaw University of Technology, so she will be able to talk about EMI from both perspectives. After Edyta Sensei's short talk we will have an opportunity for Q&A and to share our experiences and issues on teaching in English in Japan.

今回はポーランド科学者Edyta先生に、日本における英語での授業経験を伺います。Edyta先生は、ワルシャワ技術大学において特別プログラムを学生として受講された経験があり、教員と学生の両方の観点でEMIについてお話くださいます。Edyta先生のお話の後は、先生への質疑応答を通して、日本で英語で授業を行う参加者の経験を共有します。
